

P.770

LET THE SIBLING RIVALRY BEGIN

“Designed to deliver P•790-like performance in a smaller package, the all-new P•770 leverages forged hollow body construction to pack as much distance and forgiveness as possible into a compact player’s shape.”

- MATT BOVEE
PRODUCT CREATION | IRONS CATEGORY

FEATURES:

- COMPACT PLAYERS SHAPE
- FORGED HOLLOW BODY CONSTRUCTION
- SPEEDFOAM™
- THRU SLOT SPEED POCKET
- PROGRESSIVE ICT

P.770

FEATURE	BENEFIT
---------	---------

Compact Players Shape	Designed to fit the eye of a more discerning player, the P770 shaping uses visual queues including a thin topline, less offset, and shorter blade length when compared to the P790
------------------------------	--

Forged Hollow Body Construction	Consists of a thin, wrap around forged 4140 face, soft carbon steel body and up to 46g of tungsten weighting designed to deliver explosive distance and forgiveness
--	---

SpeedFoam™	Ultra-light urethane foam injected inside the head engineered to push the design limits of face speed while simultaneously improving feel
-------------------	---

Thru Slot Speed Pocket	Our most flexible Speed Pocket™ design engineered to maximize ball speeds and provide exceptional forgiveness
-------------------------------	---

Progressive ICT	Features patented Progressive Inverted Cone Technology strategically located in each iron designed to improve accuracy and protect off-center ball speed
------------------------	--
