

P•7MB

PURE, BUTTERY, ORGANIC STEEL

“The all new P•7MB was designed for the best ball strikers in the world who demand surgical like control over their shot making with a pure feel at impact. Contemporary aesthetics with a thin topline and slim sole create a minimalist profile that appeals to the ultimate purist.”

- MATT BOVEE
PRODUCT CREATION | IRONS CATEGORY

FEATURES:

- TOUR INSPIRED SHAPE
- COMPACT GRAIN FORGING
- MACHINED FACE AND GROOVES
- FACETED MUSCLE BACK GEOMETRY

P•7MB

FEATURE	BENEFIT
Tour Inspired Shape	Designed with insights from the world's best players, P•7MB irons have a thin topline, progressive offset and narrow sole
Compact Grain Forging	1025 carbon steel is forged using a 2,000-ton press ensuring a tighter, more compact grain structure designed to provide the most solid, consistent feel possible
Machined Face And Grooves	Precision is paramount. Machining the face ensures precision and quality with our most aggressive score line geometry for exacting shot making
Faceted Muscle Back Geometry	A seamless blend of traditional muscle back iron performance with a contemporary look and design. This modern era classic looks timeless in both the playing position and in the bag
