

P•7MC

PURE BUTTERY, ORGANIC STEEL

"The P•7MC was designed specifically to answer the needs of tour players. Every detail on this perimeter weighted classic muscle cavity design has been painstakingly crafted to the highest quality. From the Compact Grain Forging to the cavity geometry designed specifically for a more solid feel. The P7MC is the perfect combination of performance, feel, and shot making with a hint of forgiveness"

- MATT BOVEE
PRODUCT CREATION | IRONS CATEGORY

FEATURES:

- TOUR INSPIRED SHAPE
- MUSCLE CAVITY PERFORMANCE
- COMPACT GRAIN FORGED
- MACHINED FACE AND GROOVES

P·7MC

FEATURE	BENEFIT
Tour Inspired Shaping	Designed with direct input from Tour, P7MC irons feature a thin topline and progressive offset for a clean look at address. A narrow sole and tight leading edge ensure consistency through the turf.
Muscle Cavity Performance	Every angle meticulously scrutinized to meet the performance demands of the game's best ball strikers while the muscle cavity provides added forgiveness.
Compact Grain Forging	1025 carbon steel is forged using a 2,000-ton press ensuring a tighter, more compact grain structure designed to provide the most solid, consistent feel possible.
Machined Face and Grooves	Precision is paramount. Machining the face ensures precision and quality with our most aggressive score line geometry for exacting shot making.
