**PURE ROLL™**  
**THE CU<sup>29</sup> PURE ROLL™ INSERT INCREASES TOPSPIN AND IMPROVES FORWARD ROLL**  
*\*Claim based on robot testing of Pure Roll™ groove vs. solid face.*

FEATURE	BENEFIT
Forward CG Placement	Front loaded weight delivers benefits and release of a blade, but with the MOI of a mallet
Heel and Toe Tungsten Weighting	Heavy tungsten sole weights positioned in the heel and toe optimize the forward loading
CU <sup>29</sup> Copper PURE ROLL™	The 25g CU <sup>29</sup> PURE ROLL™ insert delivers a firmer feel and sound. PURE ROLL™ insert increases topspin and improves forward roll
White TRUE PATH™ T-Sightline	New TRUE PATH™ perpendicular alignment allows the player to align from front to back, or heel to toe
Adjustable Sole Weight	Allows golfers to customize performance, feel and achieve precise swing weights at different putter lengths
KBS Stepless Stability Shaft	New black CT Tour putter shaft for less deflection
